

Solus tile is a product unlike any other. With a smooth, almost luminous surface quality, deep colouration and a rich aesthetic, it is stone without limits. We cast and finish our tiles by hand to accentuate concrete's natural colour variation and organic character.

SIZES
Our wide range of sizes allows maximum design flexibility. Tiles are either 1/2" or 5/8" thick depending on their size.

CHOICES
All orders are cast-to-suit in any combination of our 12 integral colours. We also offer a sandblasted version for an additional charge.

SOLUS HANDCAST CONCRETE TILES

With myriad choices for colour and size, you can design and combine to suit your personal style.

Clockwise from top left: 12x12 in Portland is used on an upper level deck; 16x16 in Arbutus is combined with sandblasted inlays for this classic look. 24x24 Cinder set off an ultra-modern urban space; and 6x6 in Butterscotch accented with amber glass tiles add a decorative touch to this transitional style powder room.
