

Solus tile is a product unlike any other. With a smooth, luminous surface quality, deep colouration and a rich aesthetic, it is stone without limits. We cast and finish our tiles by hand to accentuate concrete's natural colour variation and organic character.

**SIZES**

Our wide range of sizes allows maximum design flexibility. The 1/2"-5/8" thick tiles may be applied to floors as well as walls. We recommend our 3/4" panels for wall applications only.

**CHOICES**

All orders are cast-to-order in any combination of our 12 integral colours.
